

**TIGER! SHIT! TIGER! TIGER!**  
**"Forever Young"**  
**(To Lose La Track Records)**  
**Street Date: Oct. 28, 2013**

On October 28, Italy-based noise pop explorers **Tiger! Shit! Tiger! Tiger!** will release "Forever Young", their follow up to 2010's great "Whispers", via To Lose La Track Records.

Italy's secret weapon bring forth a sound that's tempting and melodic, yet sharp and desperate.

As potent as it is touching, this record finally merges the spirit of TS!TT's earnest and energetic live show with a recording that truly captures what makes TS!TT such a fan-favorite. The record represents a bold step in their creative evolution, showcasing their more electrified side. The end result spans 43 minutes and it really sounds like they were bouncing from the basement and the studio.

"Forever Young" is guaranteed to please fans of their noisy lo-fi sound and stops you in your tracks, blows your mind and makes you feel alive. We can safely say that guitar music is not dead.
